To the curators:

This electronic transmission is my submission to The International Open Competition and Exhibition.

I will not pay the 8,000 yen entry fee. Administrators exist to support artists, not the reverse. With that in mind, my artwork submitted consists of the following proposal:

"Upon being awarded a cash prize for The International Open Competition and Exhibition of The Council for the International Biennale in Nagoya, I will give twenty percent of the award to the administrator responsible for granting the award."

Upon acknowledgment of the granting of my award I will fly to Japan to personally present the administrator's fee in person.

In cash.

Yours in the spirit of contemporary art and international understanding,

David Glenn Rinehart Pf.T. A.M.N.
