

Edible and/or Hallucinogenic and/or Poisonous
Mushrooms of the Pacific Northwest

David Glenn Rinehart

(with special thanks to B.P.)

Fomes clypeatum

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. 1)

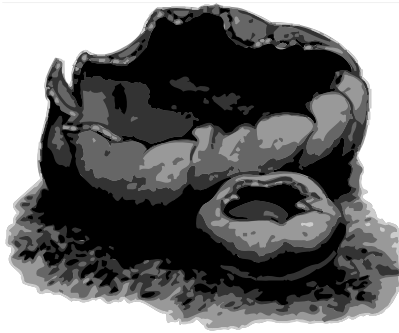

David Glenn Rinehart

Hygrophorus purpurascens

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. II)

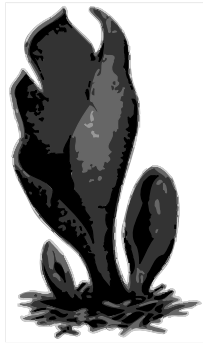

David Glenn Rinehart

Tubaria glycosmus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. III)

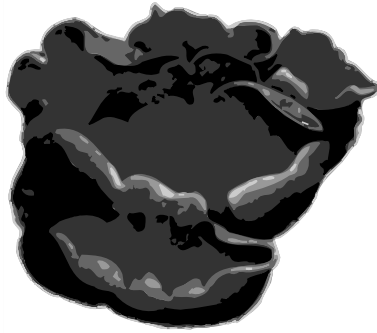

David Glenn Rinehart

Mycena saeva

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. IV)

David Glenn Rinehart

Clitopilus atropurpurea

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. V)

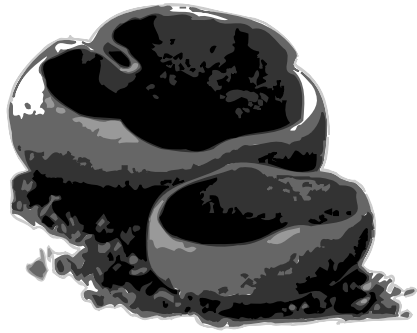

David Glenn Rinehart

Entoloma parasiticus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. VI)

David Glenn Rinehart

Inocybe reticulatus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. VII)

David Glenn Rinehart

Oudemansiella blennius

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. VIII)

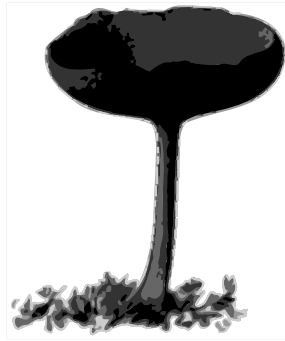

David Glenn Rinehart

Clavaria fellea

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. IX)

David Glenn Rinehart

Gymnopilus sinuatum

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. X)

David Glenn Rinehart

Boletus claroflava

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XI)

David Glenn Rinehart

Clavaria heterophylla

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XII)

David Glenn Rinehart

Cystoderma palmatus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XIII)

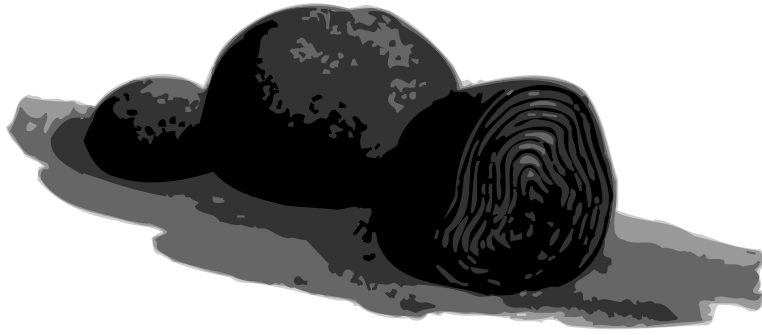

David Glenn Rinehart

Lepiota androsaceus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XIV)

David Glenn Rinehart

Lactarius variegatus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XV)

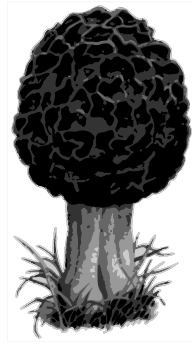

David Glenn Rinehart

Gymnopilus xerampelina

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XVI)

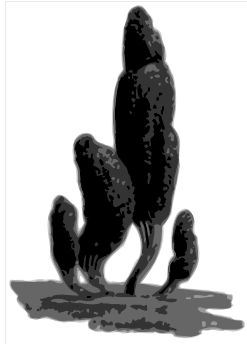

David Glenn Rinehart

Rhodotus foetens

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XVII)

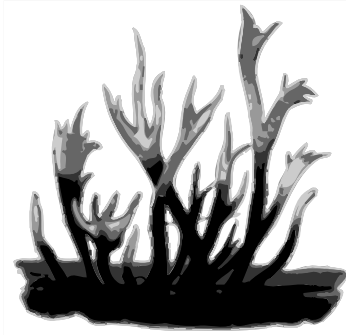

David Glenn Rinehart

Gymnopilus cyanoxantha

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XVIII)

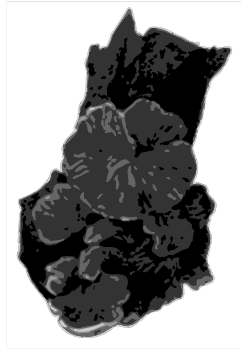

David Glenn Rinehart

Xanthocrous pholideus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XIX)

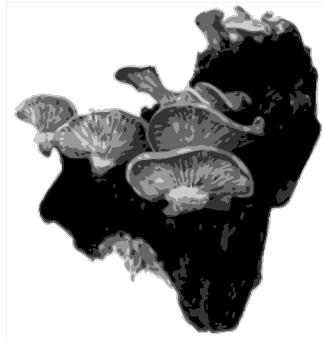

David Glenn Rinehart

Polyporus erythropus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XX)

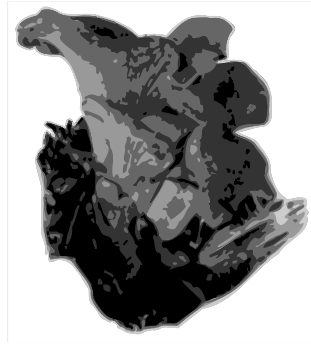

David Glenn Rinehart

Rhodotus fulvum

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXI)

David Glenn Rinehart

Mycena queletii

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXII)

David Glenn Rinehart

Tricholoma scandens

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXIII)

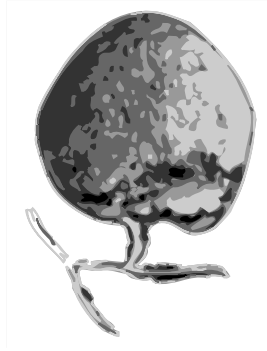

David Glenn Rinehart

Entoloma camphoratus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXIV)

David Glenn Rinehart

Inocyde sulphureus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXV)

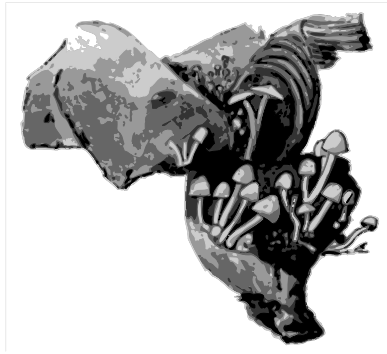

David Glenn Rinehart

Pholiota torvus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXVI)

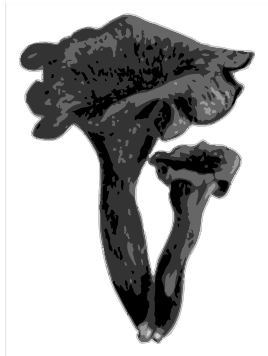

David Glenn Rinehart

Urgulina velutipes

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXVII)

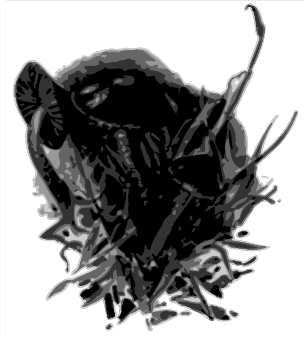

David Glenn Rinehart

Xanthocrous furfuracea

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXVIII)

David Glenn Rinehart

Clitocybe semi-sanguineus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXIX)

David Glenn Rinehart

Volvariella argillacea

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXX)

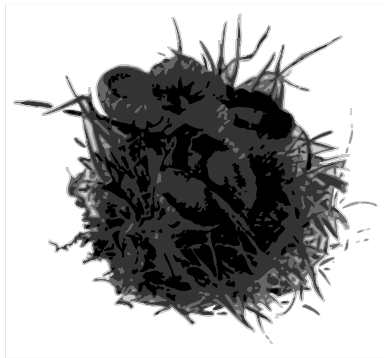

David Glenn Rinehart

Lepista annosus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXI)

David Glenn Rinehart

Marasmius bombycina

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXII)

David Glenn Rinehart

Cystoderma chrysenteron

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXIII)

David Glenn Rinehart

Tubaria infundibuliformis

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXIV)

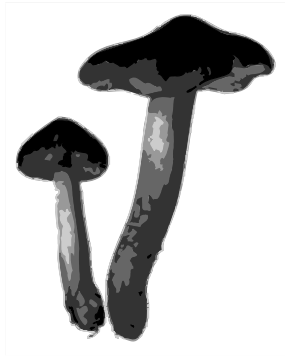

David Glenn Rinehart

Lepista patouillardii

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXV)

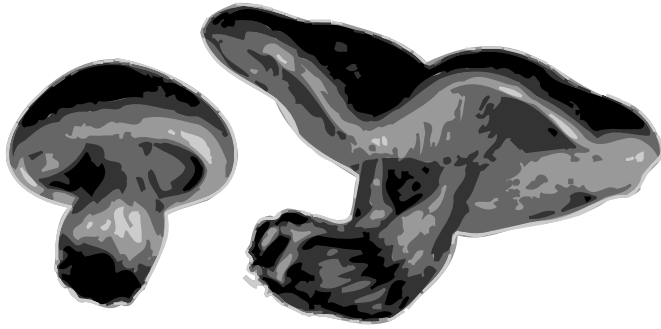

David Glenn Rinehart

Entoloma puniceus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXVI)

David Glenn Rinehart

Boletus carcharias

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXVII)

David Glenn Rinehart

Urgulina tomentosus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXVIII)

David Glenn Rinehart

Amanita rugosa

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XXXIX)

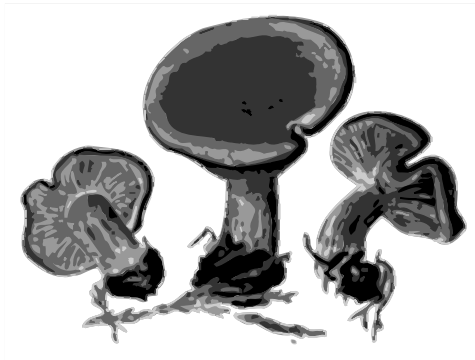

David Glenn Rinehart

Fomes ceraceus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XL)

David Glenn Rinehart

Lepiota sanguinolenta

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLI)

David Glenn Rinehart

Hypholoma haematopus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLII)

David Glenn Rinehart

Volvariella vellereus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLIII)

David Glenn Rinehart

Clavaria penetrans

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLIV)

David Glenn Rinehart

Oudemansiella nidorosum

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLV)

David Glenn Rinehart

Russula rubro-marginata

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLVI)

David Glenn Rinehart

Collybia gambosum

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLVII)

David Glenn Rinehart

Lactarius psittacinus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLVIII)

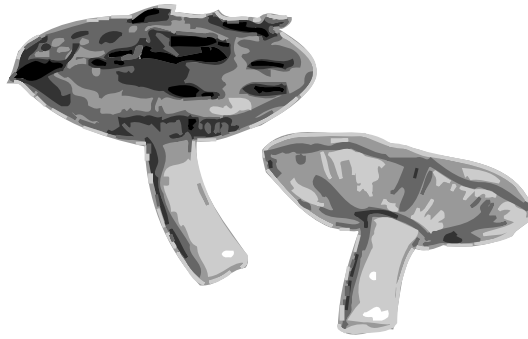

David Glenn Rinehart

Hygrophorus ochroleuca

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. XLIX)

David Glenn Rinehart

Fomes sardonia

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. L)

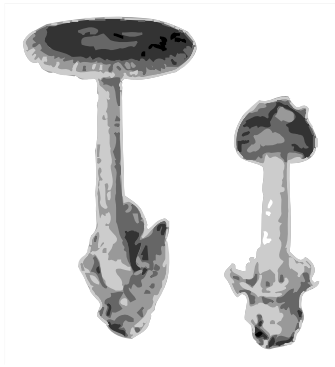

David Glenn Rinehart

Cystoderma lepida

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LI)

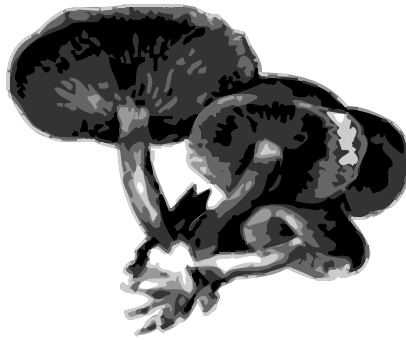

David Glenn Rinehart

Clitocybe vermicularis

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LII)

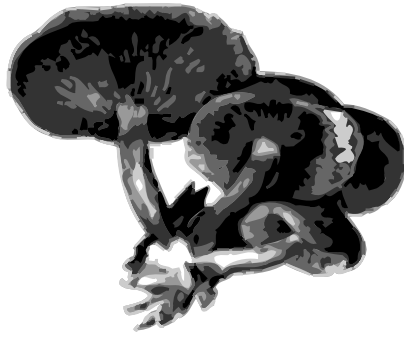

David Glenn Rinehart

Polyporus calyptraeformis

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LIII)

David Glenn Rinehart

Pholiota pelianthina

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LIV)

David Glenn Rinehart

Collybia crocipodius

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LV)

David Glenn Rinehart

Marasmius fasciculare

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LVI)

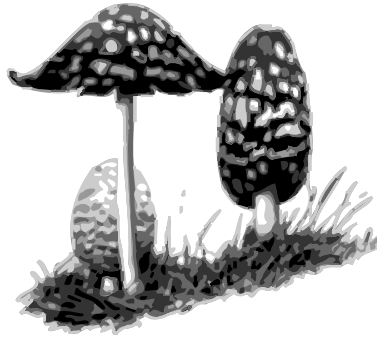

David Glenn Rinehart

Fomes phalloides

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LVII)

David Glenn Rinehart

Tricholoma ammoniaca

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LVIII)

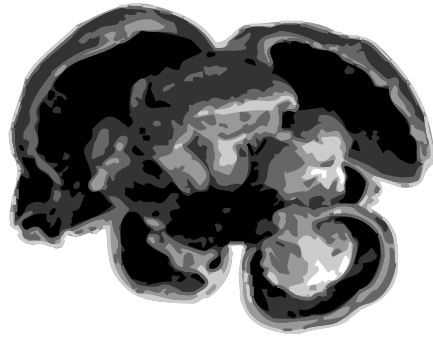

David Glenn Rinehart

Russula ramealis

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LIX)

David Glenn Rinehart

Hypholoma flavovirens

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LX)

David Glenn Rinehart

Clitopilus luridus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXI)

David Glenn Rinehart

Entoloma argyraceum

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXII)

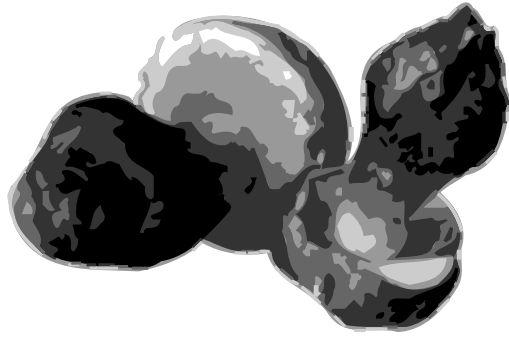

David Glenn Rinehart

Cortinarius eburneus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXIII)

David Glenn Rinehart

Cystoderma ohrusseus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXIV)

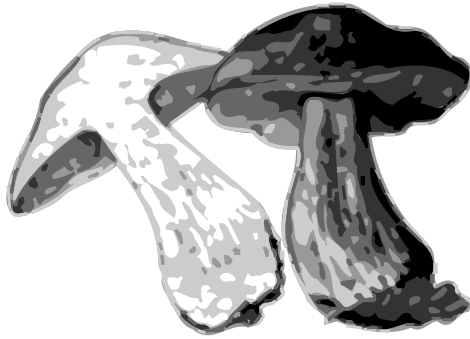

David Glenn Rinehart

Entoloma aurivella

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXV)

David Glenn Rinehart

Gymnopilus corniculata

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXVI)

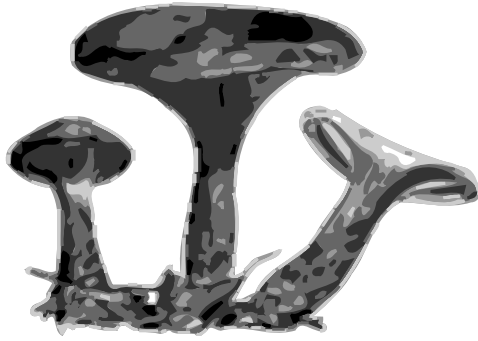

David Glenn Rinehart

Clitocybe serifluus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXVII)

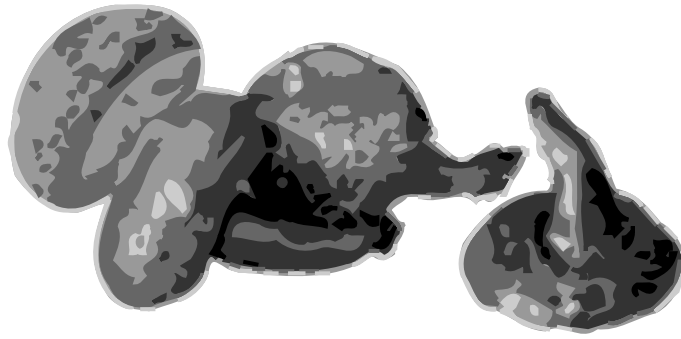

David Glenn Rinehart

Cortinarius sanguineus

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXVIII)

David Glenn Rinehart

Amanita flaccida

Edible and/or Hallucinogenic and/or Poisonous Mushrooms of the Pacific Northwest
(Fungus No. LXIX)

David Glenn Rinehart

Stare.
